Lord, give me coffee to change the things I can change and wine to accept the things I can't.

About Us...

After moving from Wisconsin to Alabama and finally finding our Home again in The Indian Springs Neighborhood, we realized that with the busy lives we all live, it's essential that we slow down, relax and take the time to connect with our family, friends and neighbors...and so came the idea for The Neighborhood Brew! We have created an environment that is your "home away from home" where you can sit and relax in the "Living Room," while you share conversation with a friend over a nice warm cup of our Artisan Roasted Coffee, Caffè Umbria, which captures the true essence of Italian-style espresso and coffee.

The Neighborhood Brew is a family-owned business and each person that comes into The Brew is treated as though they are a member of our family...or better! It is our passion to help you feel Welcome in our "home," which is your neighborhood and your community, where Socio-economic lines become a blur as people come together and share life, and all that's happening in it, with us and with each other.

So, join us, your friends and your neighbors as we share community over a warm cup of coffee, a beer from one of our local breweries or a glass of wine...whatever your preference, The Neighborhood Brew has All you need to help you Relax and Enjoy Life...or at least the Day! It's a Beautiful day in The Neighborhood Brew, and we'd love to share it with You!

Blessings ~ Craig and Michelle
